CAREER OBJECTIVE

Responsible and motivated student, ready to apply education in the workplace. Offers excellent technical abilities with software and applications, the ability to handle challenging work, and excellent time management skills.

An organized and motivated individual, eager to utilize time management and organizational skills across diverse settings. Seeking entry-level opportunities to enhance abilities while contributing to the company's growth.

TECHNICAL SKILLS

- Java, HTML
- SQL, Power BI
- AWS (Basics)
- Antigravity Frontend Development
- Web Application Development
- Flutter App Development

WORK EXPERIENCE

Intern

HMI Engineering Services | Visakhapatnam, India | Jul 2023-Oct 2023

- Implemented user authentication for login pages.
- Designed responsive login pages with HTML and CSS.
- Integrated with the SQL database and implemented client-side validation for input fields.
- Managed user sessions securely.
- Ensured server-side input validation for security.
- Demonstrated proficiency in Java-based full-stack development.

EDUCATION

Bachelor Of Technology: Computer Science Engineering

Nadimpalli Satyanarayana Raju institute of Technology | Visakhapatnam, India | January 2024

Higher Secondary Education

NRI Jr College | Visakhapatnam, India | January 2020

Secondary School Education

Bhashyam School | Visakhapatnam, India | January 2017

PROJECTS

Capstone Project

Fetal Health Prediction Using Machine Learning:

Developed a machine learning model to predict fetal health conditions based on medical data, Utilized datasets to classify fetal health into categories like Normal, Suspect, and Pathological. Implemented and compared machine learning algorithms, including Random Forest, CatBoost, K-Nearest Neighbors, and AdaBoost, to optimize performance. Conducted thorough data preprocessing and feature engineering to enhance prediction accuracy. Performed rigorous testing to ensure reliability and consistency in model predictions. Developed a user-friendly web application for doctors and medical professionals to assess fetal health based on input parameters.

ACHIEVEMENTS & EXTRACURRICULARS

- Certified in Data Analytics & Snowflake; analyzed large datasets and designed interactive Power BI dashboards to track key business metrics, improving data-driven decision-making. Achieved an A+ grade for outstanding performance.
- Organized a 24-hour hackathon, "Hack With Vizag " at Nadimpalli Satyanarayana Raju Institute of Technology, ensuring 100% smooth execution with 100+ participants.
- Completed an AWS (Amazon Web Services) certification at Brain O vision Solutions Pvt. Ltd.
